

“Club Classic.”

Solid Surface Products are now constructed using either Corian® or Staron® Solid Surface materials. Both Corian® and Staron® are stain resistant, non-porous materials that are naturally resistant to mildew and mold. The only difference in the materials is color availability. Please refer to the color chart to see which colors are available for each material.

Please Note: Solid Surface Shower Displays are Only Available in Glacier White or Aurora.

Please call for availability and pricing on other Corian® / Staron® Colors and Products.
